15 YEARS OF caring

Alltech to sponsor Wounded Warrior golf tournament

Courtesy photo

Alltech O&P Services will again be a sponsor of the North Texas Wounded Warrior Charity Golf Tournament.

BY JAMI SHELTON

Alltech Orthotics & Prosthetics is proud to support Wounded Warriors, and one way they do that is by continuing to sponsor the North Texas Wounded Warrior Charity Golf Tournament in its third year this year. The event will be held Sept. 9 in Southlake.

The tournament's goal is to provide rehabilitative golfing experiences to combat-wounded veterans. Each foursome that competes will include a wounded warrior.

During the weekend event, combat-wounded warriors and their families are also treated to a banquet, a country-western concert at Billy Bob's and a kayak fishing expedition — all of which served as additional recreational therapy for the soldiers and their families.

The tournament hopes these additional activities will help the soldiers and their families develop new bonds that will help them re-integrate into society.

The tournament raises money to provide golf clinics, lessons, equipment and playing opportunities to wounded warriors who are either living in North Texas or who are recovering from their injuries in one of North Texas's VA facilities.

"We found out about the tournament from one of our patients and thought it would be a good way to show our support for the men and women who defend our freedoms each and every day," said Joel DeLeon, who, with his brother Jory DeLeon, are two of the founders of All Tech O&P Services.

"We are looking forward to being a part of this great organization

as a Diamond Sponsor and a lunch sponsor this year."

Joel's brother Jory agreed.

"It's great to be able to spend time with these fine men and women who gave so much to us," Jory said. "We're looking forward to getting to golf with these warriors again this year."

"Sponsoring the Wounded Warriors Golf Tournament is a natural fit for us, because unfortunately, so many of our combat-wounded warriors need prosthetics, but it's so encouraging to see them being active and enjoying themselves."

All Tech O&P Services carries or manufactures many different upper and lower extremity prosthetics, does custom bracing, including knee, spinal and back bracing, and carries orthotics, including diabetic shoes and pediatric orthotics.

They also have women in the office who do mastectomy fittings, offering special bras and forms, and doing pre-and post-mastectomy counseling.

If you or someone you know has lost a limb because of an injury, disease or is diabetic and could benefit from diabetic shoes and inserts, call Alltech. Their highly skilled clinical staff will evaluate your specific needs and work with your physician or therapist to provide the prosthetic or orthotic device that is best suited to your particular situation. For more information or to schedule an appointment, call Alltech Orthotics & Prosthetics at 817-484-9699. Their office is at 2781 S.W. Wilshire Blvd., across from Texas Health Burleson.
